CORPORATE GOVERNANCE OVERVIEW AND GUIDELINES

1. Introduction

The Board of Directors (the “Board”) of Organto Foods Inc. (the “Company”) has adopted these Corporate Governance Guidelines to assist the Board in the exercise of its duties and responsibilities. The Guidelines are to be applied in a manner consistent with applicable laws and the Company’s incorporating documents. The Board may modify or make exceptions to the Guidelines from time to time in its sole discretion and consistent with the duties and responsibilities owed to the Company and its shareholders.

2. Director Responsibilities

The Directors are responsible for the stewardship of the Company. To discharge this obligation, the directors and through applicable committees of the Board, assume responsibility in the following areas:

- **Oversee Management of the Company.** The principal responsibilities of the directors are to oversee the management of the Company and, in so doing, serve the best interests of the Company on behalf of its shareholders. These responsibilities require that the directors attend to the following:
 - review and approve on a regular basis, and in any case no less than once per year, fundamental operating, financial, and other strategic corporate plans which take into account, among other things, the opportunities and risks of the business;
 - evaluate the performance of the Company, including the appropriate use of corporate resources;
 - select, monitor and evaluate the performance of, and oversee the progress and development of the Chief Executive Officer and senior management, and take appropriate actions, such as promotion, change in responsibility and/or termination;
 - evaluate senior management succession plans, and in the case of the Chief Executive Officer, implement steps as required;
 - evaluate the Company’s compensation programs;
 - establish a corporate environment that promotes timely and effective disclosure (including appropriate controls, procedures and incentives), fiscal accountability, high ethical standards and compliance with applicable laws and industry and community standards;
 - evaluate the Company’s systems to identify and manage the risks faced by the Company;
 - review and approve or deny all material transactions and commitments contemplated by the Company;
 - develop a corporate governance structure that allows and encourages the Board to fulfill its responsibilities;
 - oversee communications and public disclosure, promoting compliance with legal and regulatory guidelines and requirements, including receiving feedback from shareholders;
 - provide assistance to the Company’s senior management, including guidance on those matters that require Board involvement; and

- evaluate the overall effectiveness of the Board and its committees.
- **Exercise Business Judgment.** In discharging their fiduciary duties of care, loyalty and candor, directors are expected to exercise their business judgment to act in what they reasonably and honestly believe to be the best interests of the Company and its shareholders, free from personal interests. In discharging their duties, when appropriate, the directors are entitled to rely on the Company's senior executives and its outside advisors, auditors and legal counsel, but also should consider second opinions where circumstances warrant.
- **Understand the Company and its Business.** Directors are expected to become and remain informed about the Company and its business, properties, risks and prospects.
- **Establish Effective Systems.** Directors are responsible for determining that effective systems are in place for the periodic and timely reporting to the Board on important matters concerning the Company. Directors should also provide for periodic reviews of the integrity of the Company's internal controls and management information systems.
- **Protect Confidentiality and Proprietary Information.** Directors are responsible for establishing policies that are intended to protect the Company's confidential and proprietary information from unauthorized or inappropriate disclosure. Likewise, all discussions and proceedings of the Board must be treated as strictly confidential and privileged to preserve open discussions between directors and to protect the confidentiality of Board discussions.
- **Board, Committee and Shareholder Meetings.** Directors are responsible for attending Board meetings and meetings of committees on which they serve. They must devote the time needed, and meet as frequently as necessary, to properly discharge their responsibilities. Directors who reside in or near the city where the Company holds a shareholders' meeting are expected to make a reasonable effort to attend such meeting.
- **Indemnification.** The directors are entitled to Company-provided indemnification through corporate articles and by-laws, corporate statutes, indemnity agreements and directors' and officers' liability insurance.

3. Director Qualification Standards

- **Independence.** The Board will strive to ensure it has at least the minimum number of the members of the Board who meet applicable standards of director independence. For members of the Audit Committee, director independence is to be determined in accordance with those legal and stock exchange independence standards applicable to the Company's Audit Committee. Those standards are appended to the Audit Committee Charter. For other purposes, the Board will, from time to time, establish independence standards that (i) comply with applicable legal and stock exchange requirements and (ii) are designed to ensure that the director does not have, directly or indirectly, a financial, legal or other relationship with the Company that would reasonably interfere with the exercise of independent judgment in carrying out the responsibilities of the director.
- **Size and Skills of Board.** The Board believes that a Board comprised of 4 to 6 members is an appropriate size given the Company's present circumstances. The Board also believes that when possible a majority of the directors should be independent under the standards currently in effect, of which at least three members must also meet the standards applicable to the Audit Committee. The Board will also consider the competencies and skills that the Board, as a whole, should possess and the competencies and skills of each director.

- **Other Directorships.** The Board does not believe that its members should be prohibited or discouraged from serving on boards of other organizations, and the Board does not propose any specific policies limiting such activities, providing they do not reduce a director's effectiveness or result in a continuing conflict of interest or conflict with any legal matter. However, the Board should take into account the nature of and time involved in a director's service on other boards in evaluating the suitability of individual directors and in making its recommendations.
- **Tenure.** The Board does not believe it should establish director term limits. Term limits could result in the loss of directors who have been able to develop, over a period of time, significant insight into the Company and its operations and an institutional memory that benefits the Board as well as management. As an alternative to term limits, the Board will review each director's continuation on the Board annually. This will allow each director the opportunity to confirm his or her desire to continue as a member of the Board and allow the Board to replace directors where the Board makes a determination that a change would be in the best interests of the Company.
- **Offices of Chairman and CEO.** The Board will select a Chair of the Board in a manner and upon the criteria that the Board deems appropriate at the time of selection. In circumstances where the Board determines to appoint an executive of the Company as Chair of the Board, the Board will separately appoint an independent director to serve in the capacity as "lead director", as that role is contemplated by National Policy 58-201.
- **Selection of New Director Candidates.** Except where the Company is legally required by contract, law or otherwise to provide third parties with the right to nominate directors, the Board will be responsible for identifying individuals qualified to become Board members, consistent with criteria established by the Board, and present these proposed directors to the shareholders for election at the Company's Annual General Meeting.
- **Extending the Invitation to a New Director Candidate to Join the Board.** An invitation to join the Board will be extended by the Chair of the Board when authorized by the Board.

4. Board Meetings

- **Selection of Agenda Items.** The Chair of the Board shall propose an agenda for each Board meeting after review and consultation with the Chief Executive Officer. Each Board member is free to request the inclusion of other agenda items and is generally free to request at any Board meeting the consideration of subjects that are not on the agenda for that meeting, although voting on matters so raised may be deferred to another meeting to permit proper preparation for a vote on an unscheduled matter (emergencies excepted).
- **Frequency and Length of Meetings.** The Chair of the Board, in consultation with the members of the Board, will normally determine the frequency and length of Board meetings, however, the ultimate power in this regard rests with the plenary Board. In any event the Board shall meet no less than once per fiscal quarter. Special meetings may be called from time to time as required to address the needs of the Company's business.
- **Advance Distribution of Materials.** Information and data that are important to the Board's understanding of the business to be conducted at a Board or committee meeting will normally be distributed in writing to the directors reasonably before the meeting (with a goal of 7 days) and directors should review these materials in advance of the meeting. The Board acknowledges that certain items to be discussed at a Board or committee meeting may be of a very time-sensitive nature and that the distribution of materials on these matters before the meeting may not be practicable.

5. Board Committees

- **Key Committees.** The Board will at all times have an Audit Committee. Such committee will have a charter that has been approved by the Board. The charter currently in effect is appended hereto as Appendix 1. The Board may, from time to time, establish or maintain additional committees or subcommittees as it deems necessary.
- **Committee Charters.** The charters of the committees will set forth the purposes, goals and responsibilities of the committee. The Board will, from time to time as it deems appropriate, but at least annually, review and reassess the adequacy of each charter and make appropriate changes. Each charter must address those matters required by applicable laws and stock exchange rules.
- **Assignment of Committee Members.** The Audit Committee must meet the independence standards applicable to the Audit Committee. The Audit Committee will have a minimum of three directors. Other committees shall have at least one member or the minimum number of members required by applicable law and the Company's incorporating documents.
- **Selection of Agenda Items.** Each committee chair, in consultation with the committee members, will develop the committee's agenda.
- **Frequency of Committee Meetings.** The chairman of each committee, in consultation with the committee members, will determine the frequency of the committee meetings consistent with any requirements set forth in the committee's charter. The Audit Committee will meet no less than quarterly and special meetings may be called by any member from time to time as required to address the needs of the Company's business and fulfill the responsibilities of the committees.

6. Director's Access to Management and Independent Advisors

- **Access to Officers and Employees.** All directors have at all reasonable times and on reasonable notice, full and free access to officers, employees and contractors of the Company. Any meetings or contacts that a director wishes to initiate should normally be arranged through the CEO or the CFO. The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Company. The directors are normally expected to provide a copy or otherwise inform the CEO of any communication between a director and an officer or employee of the Company.
- **Access to Independent Advisors.** The Board and each committee shall have the power to hire and consult with independent legal, financial or other advisors for the benefit of the Board or such committee, as they may deem necessary, without consulting or obtaining the approval of any officer of the Company. Such independent advisors may be the regular advisors to the Company. The Board or any such committee is empowered, without further action by the Company, to cause the Company to pay the appropriate compensation of such advisors as established by the Board or any such committee.

7. Director Compensation

- **Role of Board.** The form and amount of director compensation will be approved annually by the Board in accordance with the general principles set forth herein.

- **Form of Compensation.** The Board believes that directors should be provided with incentives to focus on long-term shareholder value. The Board believes that including equity options as part of director compensation helps align the interest of directors with those of the Company's shareholders.
- **Amount of Compensation.** The Company seeks to attract exceptional talent to its Board. Therefore, the Company's policy is to compensate directors competitively relative to comparable companies. The Company's management will, from time to time, present a report to the Board comparing the Company's director compensation with that of comparable companies. The Board believes that it is appropriate for the Chair of the Board and the chairs of the committees, if not members of management, to receive additional compensation for their additional duties in these positions. Directors who are also employees of the Company may receive additional compensation for Board or committee service if they are not already compensated at full industry rates in their capacities as employees.
- **Director Stock Ownership.** The Board believes that each director should acquire and hold shares of Company stock in an amount that is meaningful to shareholders and appropriate to each such director.

8. Director Orientation and Continuing Education

- **Director Orientation.** The Board and the Company's senior management will conduct orientation programs for new directors. The orientation programs will include presentations by management to familiarize new directors with the Company's business projects, strategic plans, its significant financial, accounting and risk management issues, its compliance programs, its code of business conduct and ethics, its principal officers, its internal and independent auditors and its outside legal advisors. In addition, the orientation program will include a review of the Company's expectations of its directors in terms of time and effort, a review of the directors' fiduciary duties and visits to Company headquarters and, to the extent practical, certain of the Company's significant facilities.
- **Continuing Education.** To enable each director to better perform his or her duties and to recognize and deal appropriately with issues that arise, the Company will provide the directors with opportunities to undertake continuing director education, the cost of which will be borne by the Company.

9. Management Evaluation and Succession and Executive Compensation

- **Selection of CEO.** The Board selects the Company's CEO in the manner that it determines to be in the best interests of the Company. The Board, together with the CEO, will develop a clear description for the role of CEO. The board will also develop the corporate goals and objectives that the CEO is responsible for meeting.
- **Evaluation of Senior Management.** The Board will be responsible for overseeing the evaluation of the CEO. The Board will determine the nature and frequency of the evaluation, supervise the conduct of the evaluation and prepare an assessment of the performance of the CEO. The Board will review the assessment to ensure that the CEO is providing the best leadership for the Company over the long- and short-term. The Board will also consider the recommendations of the CEO with regards to the compensation of the other members of senior management.

- **Succession of Senior Management.** The Board will be responsible for overseeing an annual evaluation of senior management succession planning.
- **Expectations of Senior Management.** The Board will establish, and review on an annual basis, its expectations for senior management generally.
- **Executive Compensation.** Compensation of the CEO must be determined by the Board. The CEO must not be present during voting or deliberations. Compensation for all other members of senior management will be proposed by the CEO and approved by the Board.

10. Code of Business Conduct and Ethics

The Board of Directors will adopt and maintain a Code of Business Conduct and Ethics which will apply to the employees, officers and directors of the Company. The Code of Business Conduct and Ethics will be in accordance with the guidelines set forth in section 3.8 of National Policy 58-201 and other applicable laws and regulations.

11. Board Interaction with Shareholders, Institutional Investors, the Press, Customers, etc.

The Board believes that the CEO and his or her designees should normally speak for the Company. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Company. It is, however, expected that Board members would do so with the knowledge of and, absent unusual circumstances or as contemplated by the committee charters, only at the request of the Company's CEO.

The Board will give appropriate attention to written communications that are submitted by shareholders and other interested parties, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by the committee charters, the Chair of the Board monitors communications from shareholders and other interested parties, and will provide copies or summaries of such communications to the other directors as he or she considers appropriate.

12. Periodic Review of the Corporate Governance Guidelines

The Board will, from time to time, and no less than once per year, review and reassess the adequacy of these Guidelines and consider any proposed changes.
